

### Perfect Pairing with Wafers

ProFill ensures your wafer products are complemented with fat fillings that enhance their crispy nature, providing the perfect balance of texture and flavour.

### Fast Crystallization for Easy Processing

Time is of the essence in production, and ProFill delivers with fast crystallization properties, ensuring a smooth and efficient process from start to finish.

### Tailor-Made for Superb Functionality

Every factory is unique, and ProFill rises to the challenge, offering tailor-made fats that adapt to your processing conditions, guaranteeing optimal performance.

### Chewy Candy Excellence

ProFill shines in sugar confectionery, serving as the ideal fat ingredient to create irresistibly chewy candies that leave consumers wanting more.

### Enhanced Flavour Release in Fudges and Caramels

Dive into the world of fudges, caramels, toffee and butterscotch with ProFill. Our filling fats not only blend seamlessly with chocolate but also enhance the flavour release, making every bite a delightful experience.

**Embrace the future of edible oils with ProFill and elevate your products to new heights of excellence and consumer satisfaction**

# enhance your confection

# Creamy spreads perfected for any temperature.

Introducing "ProFill," your go-to solution for professional filling fats in the world of edible oils. As leaders in functional fats and tailored fat solutions, we cater to food manufacturers seeking innovation and quality in their products. ProFill offers unparalleled performance, specifically designed to meet the unique needs of the chocolate spreads and confectionery markets. Discover a range of fats that promise consistency, versatility, and allergen-free options, ensuring your products stand out in both taste and texture.

## Chocolate Spreads Segment

### Creamy Consistency Across Climates

ProFill guarantees a creamy, spreadable, and smooth experience, no matter the temperature or conditions. Our filling fats maintain their luscious texture, ensuring your chocolate spreads are always ready to impress.

### Allergen-Free Nut Flavour Capture

With ProFill, indulge in the rich flavours of hazelnuts and almonds without the allergens. Our products are expertly crafted to capture the essence of these nuts, providing a decadent taste experience while remaining completely nut-free and safe for all consumers.
